

The Development and Future of Wood Pellet-fired Central Heating in Western Europe and Maine

A presentation to Maine homeowners and building professionals by Herbert Ortner

We can heat our Maine homes and businesses conveniently and effectively with our abundant forest resources using equipment produced right here in Maine. Join us for an informative presentation and discussion about Maine's wood pellet heating potential with the man most responsible for the rapid growth and success of pellet-fired central heating technology in Europe.

Thursday, January 21, 2010: 6:30 to 8:00 pm
University of Southern Maine
Abromson Community Education Center, Room 109
72 Bedford Street, Portland

Directions to USM's free parking garage behind the Abromson Center:

From I-295 in Portland:
Take exit 6B onto Forest Avenue north. Move to the far left lane and turn left at the first stoplight onto Bedford Street. Follow Bedford Street under the USM Skywalk, then turn left onto Surrenden Street. Continue into the USM Parking Garage.

From Brighton Avenue:
Follow Brighton Avenue toward downtown until it turns into Bedford Street. Turn right onto Surrenden Street immediately before the Skywalk. Continue into the USM Parking Garage behind the Abromson Center.
