Technical Data

corrugated pipe I.D.	in // mm	5/8" // 16
pipe end O.D.	mm	15
length	in // m	52.5" // 1.3
content per hose	gal // l	0.18 // 0.7
max. pressure	psi // bar	150 // 10
temperature stability	°F // °C	long term: 260°F (125°C); short term 350°F (180°C)
piping material		stainless steel
insulation material		EPDM with braided sleeving
fitting material		brass
part #	with sensor	08-1866
part #	w/o sensor	08-1867

Accessories

- collector temperature sensor
- collector connection cover shell
- piece of thermal insulation
- compression ring fittings:
 - 15 mm to 15 mm
 - 15 mm to 1/2"
 - 15 mm to 3/8"
